

Last week
Last week,
Last week,

my friend
my friend
my friend

gave me
gave me
gave me

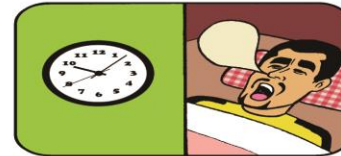

his old hair clippers
his old hair clippers.
his old hair clippers.

I decided to practice
I decided to practice
I decided to practice

on my friends head
on my friends head
on my friends head

when he was sleeping
when he was sleeping.
when he was sleeping.

I was doing a great job
I was doing a great job
I was doing a great job

But
but
but

he moved his head
he moved his head
he moved his head

and
and
and

I slipped!
I slipped.
I slipped.

In the end

In the end
In the end

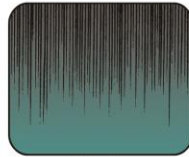

he had a Mohawk

he had a Mohawk.
he had a Mohawk.

I thought he would be very angry

I thought he would be very angry,
I thought he would be very angry,

But
but
but

when he looked in the mirror

when he looked in the mirror,
when he looked in the mirror,

he liked it!

he liked it.
he liked it.

Maybe

Maybe
Maybe

I could become a barber

I could become a barber
I could become a barber

and

and
and

give all my friends Mohawks!

give all my friends Mohawks!!
give all my friends Mohawks!!
